Things to Do to Look Your Best in Preparation for your Special Day

Your Hair Stylist Recommends:

- Hair must be clean and blown out straight one day prior to the event.
- Please, do not use a flat iron or heavy styling products
- If you have curly hair, we recommend coming in for a blow out, unless your goal is to embrace your natural curl
- If a blowout is required, there will be an additional fee

Your Make Up Artist Recommends:

- Morning & Evening skin care regimen, including under eye moisturization
- Regular facial treatments to target specific skin care concerns
- Facial Hair removal recommended, professionally done, as some makeup tends to adhere to fine vellous hair
- For Tattoo Concealing: Hair removal and exfoliation are strongly recommended.

For recommendations regarding skin care and hair removal, ask about our in house waxing/threading services
